HEALTH SERVICES

Giving in a Lasting Way

The health and well-being of your neighbors, family and friends is one of the most precious things you can help to ensure into the future.

As a not-for-profit community health center, Outer Cape Health Services (OCHS) addresses an important challenge — reliable access to affordable, high quality care in the medically underserved region of the Lower and Outer Cape.

With the demand for quality healthcare rising each year, there will always be a need for the services provided by OCHS.

In making a planned gift to OCHS, you can gain valuable financial and tax benefits for you and your family. You can also make a difference in the lives of generations to come by planning your OCHS legacy gift now, while fulfilling your own wishes and philanthropic aspirations.

Planned giving helps you and our shared communities.

A planned gift to OCHS enables you to meet your charitable and financial goals.

Advantages of a planned gift:

- Allows you to have a larger charitable impact than you may have thought possible
- May reduce or eliminate your tax liability depending on your estate plans
- Leaves a lasting legacy with a restricted or unrestricted gift that strengthens the community and OCHS

Who benefits and how?

1. Patients who need primary and specialty care and supportive social services benefit, especially those with chronic problems which require ongoing care and treatment.
2. Cape Codders with behavioral health issues benefit from a network of supportive resources.
3. Local employers benefit from a healthier workforce.
4. OCHS donors benefit from knowing they have helped others.
5. We all benefit from a healthier community.

Making a legacy gift to OCHS is simple, rewarding and incredibly impactful.

There are numerous ways to plan a gift for the future.

The most direct way to make a Legacy Circle gift is to designate a portion of your estate to OCHS in your will.

Gifts of real property may be accepted by OCHS within the operating guidelines established by our Board of Directors.

Other ways to give to OCHS are to:

- Make an outright gift of cash or appreciated stock
- Name OCHS as the beneficiary of a retirement plan
- Name OCHS as the beneficiary of an existing or new life insurance policy

Please consider a lasting gift to Outer Cape Health Services

If you have not yet added OCHS as a charitable beneficiary in your estate plan, please consider doing so now. You can make a difference in the lives of family, friends and neighbors for generations to come by planning your legacy gift today. Your attorney or financial advisor can help you to devise the best and most impactful decisions regarding your planned giving.

When you inform us of your planned gift intentions, you become a member of the **OCHS Legacy Circle** which allows us to recognize you (anonymously or by name) for your generosity and foresight, while inspiring others to do the same.

☐ **I have already included
Outer Cape Health
Services in my will.**
